

### Declaration of conformity to REACH

REACH - European Regulation for Registration, Evaluation, Authorization and Restriction of Chemicals (Regulation EC/1907/2006).

As a "downstream user", we will be pleased to confirm your registration on the basis of the available information from our suppliers:

- 1) The products manufactured or distributed by us are not subject to the registration obligation according to the REACH regulation.
2. all our products comply with the relevant chemical and industrial safety regulations applicable in Germany and the EU.
3. according to the current state of knowledge, none of our products contains chemicals in a concentration of more than 0.1 mass%, which are classified by the European Chemicals Agency ECHA as substances of very high concern (SVHC) or are included in the corresponding candidate list.

3a) Exceptions concern the following substances and materials:

**Lead**

Due to the fact that the lead is firmly embedded in the material and no exposure is to be expected, no further information on safekeeping is necessary.

Furthermore, these materials are only processed on customer request. Therefore, we would like to point out that we have fulfilled our duty to inform with this document.

In addition, our suppliers are regularly reminded of their legal obligation to notify us of changes to the formulations or new findings on the substances used (Art. 31 ff REACH Regulation).
